| Tobacco..... | 28 | 38 | 31 | 3 | [180] |

** Asked of one-half the respondents (FORM B).

- 15b. As you may know, Congress is now considering a bill that would impose an additional one-dollar-and-ten-cents-a-pack tax on cigarettes, restrict advertising and marketing of cigarettes, and put an annual limit on the amount of money that tobacco companies would have to pay out each year to settle smoking-related lawsuits.

Supporters say that this tobacco bill would reduce teen smoking while also raising billions of dollars to improve children's health.

Opponents say that it could drive tobacco companies out of business by giving them too little protection from lawsuits and making cigarettes so expensive that a new black market would emerge.

Based on this information, do you think that Congress should pass this bill or not? *

Now I'd like to ask you a few questions about Social Security...

- 26a. One proposal that has been made would allow or require people to put a portion of their Social Security payroll taxes into personal retirement accounts that would be invested in private stocks and bonds.

Some people think that individuals would have more money for retirement if they were allowed to invest and manage some of their Social Security payroll taxes themselves. Others think that it is too risky and could leave some people without adequate money for retirement if the stock market were to decline in value significantly. Do you favor or oppose this proposal?
